## **I. Executive Summary**

**Pursuant to 39 U.S.C. 3662 and 3663, and 39 CFR 3030, the above captioned coalition of complainants (“Coalition”) hereby requests the Postal Regulatory Commission to:**

### **Request for Relief**

- 1) Find that the United States Postal Service (“USPS”) is charging rates which do not conform to the requirements of federal law and regulation, specifically the Postal Accountability and Enhancement Act (39 USC 101 et.seq; P.L. 109-435) by rendering postal services without having requested a decision or order granting a request to render these services from the Postal Regulatory Commission,**
- 2) Issue an order pursuant to 39 U.S. C. 3622 and 3623 rejecting the subject services for lack of any proceeding filed or requested by the USPS.**

### **Facts and Circumstances Giving Rise to this Complaint 39 CFR 3030.10 (a)(1)**

On or about January 20, 2012, The Postal Service released without

- 1) public notice,
- 2) request for a decision or order by the Postal Regulatory Commission,
- 3) request for advisory opinion or any other form approval from the Postal Regulatory Commission, or
- 4) publication in the Federal Register

certain changes in the services that the USPS provides to “competitive” PO Boxes owned and operated by USPS in its postal facilities. These PO Boxes were recently added to the Competitive Price List. (PRC Order No. 473, dated June 10, 2010).

Postal laws and regulations require that the Postal Regulatory Commission shall:

**“ensure that each competitive product covers its costs attributable; and ensure that all competitive products collectively cover what the Commission determines to be an appropriate share of the institutional costs of the Postal Service.”** 39 USC 3663(a) (2) and (3).

The PO Boxes covered by this complaint are clearly competitive products since these PO Boxes were recently transferred from the Market Dominant category to the Competitive category. At the time, the USPS stated:

“...This modest initial proposal involves a few box sections where competitive conditions can be clearly demonstrated. This approach does not require detailed examination of costing and other issues. If a more substantial transfer is proposed, then costing and other issues could be addressed in more detail.” USPS Request-MC2010-20 at 1.

The Commission approved this request, over objection from small business commenters including some of the complainants stating:

“... no change in price or service is proposed... Order 473 at 8. (emphasis added)  
“... The concerns raised by these commenters are not insignificant. They are, however, premature. First, the Postal Service’s proposal is narrowly tailored, involving a limited number of locations and no changes in fees or services.

**Potential changes in the nature of P.O. Box Service are not before the**

*Commission in this proceeding. If, in the future, the Postal Service proposes to offer ancillary P.O. Box Services, these issues can be raised.*” Order 473 at 9  
(emphasis added)

That time has now come and this Complaint raises these issues as foreshadowed by Order 473. The USPS has unilaterally changed its services to these PO Boxes without filing any request before the Commission.

The Commission should and must accept this complaint and issue an order to the USPS to cease offering these new services to the “limited” competitive PO Boxes.

## **II. DETAILS OF THE COMPLAINT**

### **A. The Complainants--39 CFR 3003.10(a)(4)**

The Complainants are interested persons in the following respects:

1) Associated Mail and Parcel Centers (AMPC)--AMPC members operate mail and parcel centers (MPC) which offer the services of a Commercial Mail Receiving Agent. Established in 1982, Associated Mail & Parcel Centers (AMPC) members pay dues to support the organization’s efforts to support their businesses. The money pays for a staff to develop benefits, programs, discounts, research, education, and advocacy for the members. The businesses that AMPC represents will not be able to compete with the enhanced PO Boxes due to the tax and marketing advantages of the USPS and their businesses will be severely jeopardized by these actions. Current member count: 1879.

2) Retail Shipping Associates (RSA)--RSA is a member-driven trade organization for the Retail Shipping (mail & parcel) community and offers training, products, and services to independent stores and franchised stores. RSA has over 6,600 member locations throughout the US. Members operate mail and parcel centers which offer the services of a Commercial Mail Receiving Agent. The MPC businesses that receive services from RSA will not be able to compete with the enhanced PO Boxes due to the tax and marketing advantages of the USPS and their businesses will be severely jeopardized by these actions.

3) The Mail Box Stores offers a business opportunity in the form of a turnkey option that supplies the needed shipping, mailing, personal and business services in a convenient neighborhood location. The Mail Box Stores' business will be severely jeopardized by the decrease in potential sales for their prospective clients. Current store count: 128.

4) Parcel Plus offers a business opportunity in the form of a franchise option that supplies the needed shipping, mailing, personal and business services in a convenient neighborhood location. Parcel Plus business will be severely jeopardized by the decrease in potential sales for their prospective clients. Current store count: 58 (including Kwik Kopy Business Centers).

5) Kwik Kopy Business Centers offers a business opportunity in the form of a franchise option that supplies the needed printing, shipping, mailing, personal and business services in a convenient neighborhood location. Kwik Kopy Business Centers business will be severely jeopardized by the decrease in potential sales for their prospective clients.

6) PostNet International Franchise Corporation offers and develops franchises under the trade name PostNet Neighborhood Business Centers. The Centers offer, among other things, various shipping, packaging, and printing services. Most of the Centers operate as CMRAs and offer PMB and ail receiving solutions to consumers and businesses. It is PostNet's responsibility to support the best interests of its franchisees. PostNet believes that its franchisees would be placed at a disadvantage in the market place and future revenues related to the CMRA services would be lower. Current store count: 300

7) PakMail offers a business opportunity in the form of a franchise option that supplies the needed printing, shipping, mailing, personal and business services in a convenient neighborhood location. PakMail business will be severely jeopardized by the decrease in potential sales for their prospective clients.

8) National Alliance of Retail Ship Centers (NARSC) is a non-profit organization. NARSC's mission is to provide advocacy, education and information exchange to its members which include the entire spectrum of the

Mail and Parcel industry. NARSC members operate mail and parcel centers (MPC) which offer the services of a Commercial Mail Receiving Agent. The MPC businesses that NARSC represents will not be able to compete with the enhanced PO Boxes due to the tax and marketing advantages of the USPS and their businesses will be severely jeopardized by these actions. Current store count: 234

9) Postal Connections offers a business opportunity in the form of a franchise option that supplies the needed printing, shipping, mailing, personal and business services in a convenient neighborhood location. Postal Connections business will be severely jeopardized by the decrease in potential sales for their prospective clients.

10) Safe Ship offers a business opportunity in the form of a franchise option that supplies the needed printing, shipping, mailing, personal and business services in a convenient neighborhood location. Safe Ship's business will be severely jeopardized by the decrease in potential sales for their prospective clients.

11) The Independent Coalition of Franchise Owners (ICFO) is an independent franchisee organization representing the interests of franchisees in The UPS Store network. Membership in the Coalition is available to all owners of one or more The UPS Store franchises. Current store count: 204 members representing 269 stores.

12) YESS Stores provide support to member mail and parcel center stores through local Chapters and Regional Districts by developing ways to minimize costs, encourage education, organize advertising and group buying, and assist in networking opportunities. YESS Stores' business will be severely jeopardized by the decrease in potential sales for their current and prospective clients.

Current store count: 70

13) Total Choice Shipping offers a business opportunity in the form of a turnkey option that supplies the needed shipping, mailing, personal and business services in a convenient neighborhood location. The Mail Box Stores' business will be severely jeopardized by the decrease in potential sales for their prospective clients. Current store count: 6.

**B. Jurisdiction and Facts of the Complaint—39 CFR 3030.10 (a)(1)**

The Commission has jurisdiction over the issues in this Complaint pursuant to 39 U.S.C. §3662 which provides that an interested party can file a complaint if the Postal Service is not operating in conformance with the provisions of 39 U.S.C. §401(2). The Complainants state that this issue is ripe for consideration because the subsequent damage caused by the marketing and implementation of these enhancements without compliance with postal laws and regulation including review by the Commission will be irreversible, particularly to the families of small businesses and communities that are being affected by this unfair and illegal competition.

The need for the reversal of these actions is immediate as the Postal Service budget for advertising can be very effective in a very short time as can be witnessed in the universal knowledge of the “If it fits, it ships” campaign for flat rate boxes.

On or about January 20, 2012, the USPS began offering new services ancillary to its traditional PO Box Service. These new services include:

- Offering Post Office Box renters the use of the Post Office street address for Post Office Box addressing.
- Removing the PO Box designation when using a street address.
- Offering Post Office Box renters email notification of mail delivery.
- Offering Post Office Box renters the use of the “#” designation in lieu of a “P.O. Box” designation.
- Offering Post Office Box renters the ability to receive packages from private carriers.

See Exhibit A—USPS Customer Agreement for PO Box Services and Letter to PO Box Customer dated 1/20/2012

All of these services are new and as far as complainants understand are offered on a nationwide basis to these “new competitive” PO Boxes approved by the Commission in Order 473 for which no new services for these boxes were requested for approval by the Commission in MC 2010-20. In its Order 473, the Commission noted that the USPS requested no change in services:

“...First, the Postal Service’s proposal is narrowly tailored, involving a limited number of locations **and no changes in fees or services**. Potential changes in the nature of P.O. Box Service are not before the Commission in this proceeding. **If, in the future, the Postal Service proposes to offer ancillary P.O. Box Services, these issues can be raised.**”<sup>1</sup> (emphasis added)

### **C. Violation of Postal Laws 39 CFR 3030.10(a)(2)**

By failing to submit such a request, the USPS is in violation of 39 USC 3633 which requires the Commission to:

- 1) prohibit the subsidization of competitive products by market-dominant products;
- 2) ensure that each competitive product covers its costs attributable; and
- 3) ensure that all competitive products collectively cover what the Commission determines to be an appropriate share of the institutional costs of the Postal Service.

The addition of these new services also violates 39 USC 3642 which specifically requires a proceeding with public notice and public comment, and with due regard to-

- 1) the availability and nature of enterprises in the private sector engaged in the delivery of the product involved;
- 2) the views of those who use the product involved on the appropriateness of the proposed action; and
- 3) the likely impact of the proposed action on small business concerns (within the

meaning of section 3641 (h)). 39 USC 3642

None of this requirement under postal laws and regulations has been complied with and these changes in service violate postal laws and regulations. This action further violates 39 CFR 3020.31,et.seq. which requires the USPS to file supporting justification for its action and change in the postal product. This supporting justification includes cost information which can be examined by the Commission and the public to insure that the requirements of law that a product:

- 1) cover its costs attributable
- 2) insure that the product is not being subsidized by other market dominant products.

Instead, the USPS has participated in a subterfuge by filing MC 2010-20, requesting a transfer of a PO Box product from market dominant to competitive and then changing that product by changing the services which accompany that product. This has been done without notice to the Commission and to the public in violation of postal laws and regulations.

#### **D. Business, Commercial, Economic & Policy Issues Presented by This Complaint**

##### **39CFR 3030.10 (a)(3)**

- 1) Complainants are competitors with the USPS in the rental of Post Office Boxes. This is recognized by the USPS and by the Commission. MC 2010-20 at 1 and Order 473 at 10. Therefore any change in service of USPS PO Boxes has a

potentially devastating effect on private mailbox rentals. As the Commissions stated:

*“PMBs are competitive alternatives.* Order at 1.

2) Of additional and increasing concern is the change in service by USPS for its PO Boxes which it has prohibited in the private mail box rental business. In 2001, after a long and laborious series of negotiations, the USPS as regulator of mail delivery, changed the Domestic Mail Manual and required all Commercial Mail Receiving Agencies to require their customers to utilize the PMB or # designator in each address for a CMRA customer. According to the USPS, This regulatory change was necessary to assure that postal customers would not be “confused” by a street address as the address of a CMRA. At the time the USPS expressed concern as the government regulator of mail delivery that customers be assured that by looking at the address of a USPS “PO box” and a CMRA “PMB or #”, the customer would know that the address was a USPS PO box or a CMRA private mail box, whether the address was on Park Avenue in New York City or down the street from the mailer’s home or business address.

Now all this has apparently changed. As shown by Exhibit A. the USPS is specifically offering a street address to as the principal address for these PO Box customers.

Or as the USPS states:

“Use the Street address of this Post Office location and benefit from the credibility of a street address for your business.” Exhibit A

So, what the USPS alleged as confusion to the consumer in 2001 is now the form of address which it proffers to its new competitive customers. What this represents is direct competition with CMRAs with a new or revised product without filing a request and a subsequent decision by the Commission on such request.

This USPS change for its boxes is implemented even though when provided by its competitor which include Commercial Mail Receiving Agencies (CMRA) such as the Complainants and over 10,000 CMRAs in all 50 states and U. S. Territories. (USPS Publication Standards Document 2.284 –copy attached as Exhibit B) This USPS regulation specifically requires CMRA and other private mail receiving entities to require of the postal customers for whom they receive mail to clearly mark their mail as follows:

“Addresses on mail received at a CMRA must adhere to specific requirements in the use of their private mailbox number (PMB). Mail sent to an addressee at a CMRA must include either the PMB identifier or the #, followed by the appropriate private mailbox number. Use of any other identifier is prohibited.”

(USPS Publication Standard Document 2.284-Exhibit B)

The requirements of §3661(b) state in relevant part:

“When the Postal Service determines that there should be a change in the nature of postal services which will generally affect service on a nationwide or substantially nationwide basis, it shall submit a proposal, within a reasonable time prior to the effective date of such proposal, to the Postal Rate Commission

requesting an advisory opinion on the change.”

The Postal Service is trying to bypass the *statutory* rights to these procedures. Under these circumstances, the Postal Service is creating a process to avoid the statutory right of the public to comment through the required hearing and Commission adjudication.

Obviously, adding un-priced services to PO Boxes post offices across the entire United States is, by definition, both “nationwide” and a “change in service” for which the Postal Service has not sought a prior advisory opinion under 39 U.S.C. §3661, as is deciding to ignore the rights of the public and businesses to express the impact of these changes.

### **The Damages**

The follow cost analysis of the value of a mailbox customer is taught in FasTrac®, a four to eight hour new-owners class developed by AMPC:

Potential two-year value of one mailbox customer:

24 months rent @ 15 month:	\$360.00
----------------------------	----------

Additional products and services purchased by box renter:	\$732.00
---	----------

Estimated total two-year value of one mailbox customer:	\$1092.00
---	-----------

Therefore, each CMRA is at risk for this estimated amount for each of its current box rentals and for any potential future boxes.

### **E. Evidentiary Support for Complaint—39 CFR 3003.10(a)(4)**

Complainants principal evidentiary support is Exhibit A, two USPS documents which specifically outline the change in USPS policy for the new competitive mailboxes covered by Order 473. However, Complainants believe there is more specific evidence in possession of USPS of concerning the PO Boxes are covered by this Exhibit.

Discovery under this complaint would provide at least the following evidence:

- 1) Which PO Boxes are covered under Exhibit A and for how long?
- 2) What are USPS plans to expand these “new services?
- 3) What are the costs of implementing these services?
- 4) Is USPS charging a fee for any of these services?
- 5) If USPS is not charging a fee, how are the costs being covered?
- 6) Are these costs being cross subsidized by the market dominant products?
- 7) What are the costs of changing the policy of accepting delivery from private carriers?
- 8) Is the USPS receiving any income from Private carriers for accepting their packages?

#### **F. Other Issues Regarding this Complaint**

Pursuant to Commission requirements, the Complainants state as follows:

Complainants do not premise this complaint on information and belief and submit its Exhibit A as the evidentiary basis for this complaint. 39 CFR 3003.10(a)(6)  
Complainants are aware of no other pending Commission forum considering the facts or law of this complainer 39 CFR 3003.10(a)(7)

**G. Certification that Complainant met and conferred with USPS General Counsel**

**39 CFR 3003.10(a)(9).**

Complainants certify that on February 17, 2012, a phone call with USPS General Counsel's office took place to discuss these issues. No resolution was reached in that discussion. AMPC had previously provided a letter to the General Counsel for the Postal Service on February 6, 2012, setting forth our position that this activity is not consistent with the underlying statutory authority granted to the Postal Service by AMPC met with members of the General Counsel's Office and Retail Department Manager by teleconference on three separate occasions to reach a settlement to avoid the filing of this complaint. See Exhibit B

During the course of these discussions, no agreement was reached between the Coalition and USPS.

### **III. Relief Requested 39 CFR 3030.10(a)(8)**

Complainants request the following relief:

A, That this complaint be accepted and affirmed.

B. That the Commission find that the new services offered to PO Box customers are in violation of postal laws and regulations.

C. That the Commission direct, order, and demand that the USPS suspend any and all of these services because of such violations.

None of the issues raised in this Complaint are pending in or have been resolved by an existing Commission proceeding, or a proceeding in any other forum in which Complainants are parties. Additionally, the Complainants note that the Commission has never heard a complaint or issued a decision on the matter of whether these activities by the Postal Service are in conformity with its postal laws and regulation. Under § 3662(c), the Commission has the authority, base on this complaint to order the Postal Service *to take such actions as the Commission considers appropriate* in order to achieve compliance with the applicable requirements and *to remedy the effects of any noncompliance*. This must include ordering the Postal Service to cease and desist if that action was necessary to remedy the effects of any noncompliance.

The Commission's authority in this instance stems from the very broad remedial authority that § 3622(c) gives the Commission to act, should it find that the Postal Service is not acting in conformance with postal laws and regulation. Should the Postal Service ignore any remedial order of the Commission, § 3662(d) gives substantial authority to the Commission to levy fines until it is obeyed.

#### **A. Order to Suspend New Services**

The Complainants express their concern that as these new services are marketed, the

Postal Service's changes that harm Complainants and others similarly situated as well as the residents of those communities which will have their market choices eliminated, local economies will be negatively affected, not to mention the improper aspect of the USPS competing with businesses that it regulates. This order to rescind includes but is not limited to:

- 1) offering PO Box renters the use of the Post Office street address for PO Box addressing,
- 2) removing the PO Box designation in the address,
- 3) offering Post Office Box renters email notification of mail delivery,
- 4) offering Post Office Box renters the use of the “#” designation,
- 5) offering Post Office Box renters to receive packages from private carriers,
- 6) Allowing Private Mail Box renters the use of Change of Address Forms allowing CMRAs to forward renters mail at no charge to the box renter or the CMRA, and stay any progress and planning toward eliminating the six-day delivery mandate until unfair competition issues with CMRAs are resolved.

## **B. Remedial Action**

To remedy the damage already caused by beginning this activity, without regard to the impact on commerce, to use its size and tax advantage to crush local family business.

- 1) remove the Commercial Mail Receiving Agent Regulations from the Federal Regulations as stated in the Domestic Mail Manual Section 508, paragraph 1.8. The Complainants believe that the Postal Service's juggernaut will be difficult to stop as it is set in motion, and the damage to the Complainants, their

members and clients and the public will be significant and irreversible.

- 2) The Complainants respectfully request that the Postal Service's action to add new competitive boxes in over 1000 zip codes with enhanced services to PO Boxes be suspended.

#### **IV. CONCLUSION**

Time is of the essence in this matter as the damage becomes greater and irreversible as the program becomes implemented. Unilateral efforts by the Postal Service to add services to PO Boxes and ignore its statutory responsibility and requirements cannot be permitted or ignored by the Commission; nor can activities by the Postal Service designed to subvert the existing statutory process. Efforts by the Postal Service to make that decision by itself, which is what these activities are, violate postal laws and regulations and must be suspended immediately.

Respectfully submitted this 15<sup>th</sup> day of March, 2012.

Dear PO Box Customer,

As a loyal customer, you are already aware of the many advantages of our PO Box™ services, such as the convenience, privacy, security, and ability to easily manage your PO Box using *PO Boxes Online* at [poboxesonline.com](http://poboxesonline.com).

Because of customers like you, we're now introducing improved features to make PO Boxes an even greater value. If you are interested in participating in **any or all** of the following services, a Retail Associate will be happy to answer questions and provide you with a Customer Agreement to review and sign.

- **Street Addressing** – Use the street address of this Post Office™ location for your PO Box and benefit from the credibility of a street address for your business. If you sign up for this feature, we will accept packages from private carriers that do not deliver to a PO Box. These packages (which can include delivery by a private carrier) would be placed in a secure parcel locker, if available, for your convenience. This service is especially important if you own a small business because you can now use a street address—not just a PO Box number—for your business. ***Both Street Addressed mail and PO Box addressed mail can now be delivered to your PO Box.***
- **Real Mail Notification™ Services** – Receive an email or text message each day you receive new mail in your PO Box, Monday through Saturday. You will receive this notification only if you have mail. ***Your time is valuable, and now you'll know when mail has arrived.***
- **Signature on File** – Provide us with your signature and we'll keep it on file. We'll accept some signature-required mail and packages for you, which you can access at your convenience. Enjoy the convenience of this service for these products:
  - Express Mail®
  - Insured Mail over \$200 (including Electronic Return Receipt)
  - Signature Confirmation™

We will place them in your PO Box or in a secure parcel locker for you to pick up at your convenience.

Thank you again for your business. We appreciate the opportunity to serve you for your shipping and mailing needs and hope you will take advantage of these PO Box services!

Sincerely,

Sabrina Boxton SCS

## Customer Agreement for PO Box Services

The Postal Service is offering the following new services for PO Box customers at this Post Office® location:

- Street Addressing
- Signature on File
- Real Mail Notification™ Service

### A. Street Addressing Service for your PO Box

With this service, you will have the option of using the street address of this Post Office location for your mailing address in addition to your PO Box number. For example, if a Post Office is located on 500 Main Street and you have PO Box 59, your mail would be addressed 500 Main Street #59. You will also be able to use the street address to receive most packages and deliveries through private carriers, such as UPS and FedEx. Both Street Addressed mail and PO Box addressed mail can now be delivered to your PO Box.

1. When you sign up for this option, your new street address format will be:

Post Office Street Address	#	PO Box Number
_____	_____	_____
City	State	PO Box Zip Code
_____	_____	_____

2. Please note that you are limited to this address format, including both the # sign and your PO Box number. For example, you may not use "Suite" or "Apt." Mail you receive at your PO Box without using the correct address format may be returned to sender.
3. You may not use the street address option as your physical residence or place of business in legal documents. Misuse of your street address in this manner may result in closing your PO Box and may be in violation of civil and criminal laws.
4. You may use this address only for items that can be delivered through the mail. For example, you may not use the street address to receive shipments of wine, other alcohol, items over 70 pounds or items prohibited by Postal Service policy (see Domestic Mail Manual (DMM) Section 601), even though private carriers can carry those items. Any such shipments will be refused or held for pickup by the private carrier. The DMM is available at <http://pe.usps.com/>.
5. If you close your PO Box, you must submit two Change of Address (COA) forms: one for the PO Box address and one for the street address. Both forms must be forwarded to the same delivery address. Mail for a PO Box with street addressing cannot be forwarded to two different addresses.
6. If you decide to discontinue street addressing, mail bearing the street address will be delivered to the PO Box without charge for an additional 90 days. The 90-day period is designed to give customers enough time to communicate their address change to their mailers. After the 90-day readjustment period, all mail addressed to the PO Box street-style address will be returned to sender as undeliverable as addressed.

*NOTE: Street Addressing is not available for Caller Service, Reserve Number, or Group E Box customers.*

       (Please initial.) I would like to participate in Street Addressing.

## Terms and Conditions

This document identifies the Terms and Conditions under which the Postal Service makes optional new PO Box services available to you. By signing this agreement, you are stating that you have read and understand this document and you agree to be bound by its terms and conditions. These services (as described above) are offered on a voluntary basis. Customers who wish to participate in these services must sign this document indicating they agree to the terms and conditions. If you do not sign this agreement, you will continue to receive regular PO Box service without the new services.

By signing this agreement, you are confirming that you are the primary box holder (i.e. the one who signed the PS Form 1093, *PO Box Application*). All additional persons who receive mail at this box must abide by the terms and conditions as well.

### Signature

By signing below, I agree to participate in the PO Box services that I have marked above, and to the Terms and Conditions outlined in this document, including that I am the primary box holder:

**Privacy Act Statement:** Your information will be used to provide additional Post Office Box services. Collection is authorized by 39 U.S.C. 401, 403, and 404. Providing the information is voluntary, but if not provided, we will be unable to provide these services to you. We do not disclose your information to third parties without your consent, except to facilitate the transaction, to act on your behalf or request, or as legally required. This includes the following limited circumstances: to a congressional office on your behalf; to financial entities regarding financial transaction issues; to a U.S. Postal Service auditor; to entities, including law enforcement, as required by law or in legal proceedings; to contractors and other entities aiding us to fulfill the service (service providers); to process servers; to domestic government agencies if needed as part of their duties; and to a foreign government agency for violations and alleged violations of law. Information concerning an individual box holder who has filed a protective court order with the postmaster will not be disclosed except pursuant to court order. For more information on our privacy policies see our privacy policy at [usps.com/privacypolicy](http://usps.com/privacypolicy).

## B. Signature on File

The Postal Service™ is offering Signature on File for PO Box customers at this Post Office™ location. With this service, you can place your Signature on File with the Postal Service, which eliminates the need to wait in line to sign for a package. When you sign up for Signature on File, you authorize the Postal Service to use this signature whenever the following signature-required mail arrives at your PO Box:

- Express Mail®
- Insured Mail over \$200 (including Electronic Return Receipt)
- Signature Confirmation™
- Return Receipt for Merchandise.

We will place this mail in your PO Box or in a secure parcel locker for you to pick up at your convenience.

## Terms and Conditions

You must complete two PS Forms 3849 ("Sorry We Missed You") with this agreement. One will be scanned when an eligible item for Signature on File is received. Another will be reserved in a secure area in case the first one did not scan properly. Although everyone listed on the PS Form 1093, *PO Box Application*, can participate, only the **primary box holder** (the one who signed the PO Box Application (PS Form 1093) can sign the two PS Forms 3849. All persons who receive mail at this box must abide by the terms and conditions as well.

*NOTE: Signature on File service does not apply to the following accountable items: Registered Mail (including Return Receipt), Certified Mail® (including Return Receipt), "green" hardcopy Return Receipt, and Restricted Delivery. Also, you will still need to go to the Retail counter to pick up an item that does not fit in your PO Box when no parcel locker is available. Mail placed in a parcel locker that is not picked up within a few days may need to be picked up at the Retail counter.*

\_\_\_\_ (Please initial) I would like to participate in Signature on File.

## c. Real Mail Notification™ Service

With this service, you will receive either an email or text message each delivery day to inform you that you will receive mail in your PO Box that day at the scheduled time. Notifications will typically come before the PO Box mail is delivered to the PO Box. Currently, this service is only available for letters and flat envelopes.

Please note that, at this time, we can accommodate only one email address or cell phone number for each Post Office Box address. If you choose to receive text messages, be sure to check with your phone's service provider about any fees for incoming text messages.

## To Participate in Real Mail Notification

You need to provide either an email address **or** a cell phone number.

*NOTE: Real Mail Notification service is fully automated and uses information from our mail processing equipment. Our internal testing indicates that there is a high degree of accuracy in this information but occasionally the notification may not be 100% accurate.*

Docket No. CP2012-2

**NOTICE OF THE UNITED STATES POSTAL SERVICE  
OF FILING SUPPLEMENTAL INFORMATION WITH PORTIONS UNDER SEAL  
IN RESPONSE TO COMMISSION ORDER NO. 997**  
(December 5, 2011)

The United States Postal Service hereby gives notice of filing supplemental information in response to Commission Order No. 997 (November 23, 2011). In its Order, at pages 5-7, the Commission requested additional information via four questions. In addition to public responses filed for Questions 1-4, portions of the responses for Questions 1(a), 1(c), 2, and 3 are filed under seal, and an application for non-public treatment of that information is attached. Redacted versions are being concurrently filed.

Respectfully submitted,

**SUPPLEMENTAL INFORMATION PROVIDED  
BY THE UNITED STATES POSTAL SERVICE  
IN RESPONSE TO COMMISSION ORDER NO. 997**

1. Please refer to the redacted tables attached to the Filing, which present "Competitive Product Contribution & Cost Coverage Analysis" for FY 2012 "January 22, 2011 Implementation" and "October 3, 2011 Implementation."
  - a. Provide FY 2012 volumes, revenues, attributable costs, contribution, and cost coverage data similar to that provided in Docket No. CP2011-26 to support all data in both the redacted and unredacted tables.
  - b. Provide a narrative explaining the method used to forecast data in the referenced tables.
  - c. Provide attributable costs, revenues, and volumes data for each product grouped in "Competitive International (including Services)" at the same level of detail provided for all other competitive products in this docket. For each of these international products, explain how the expected revenues and costs comply with 39 U.S.C. 3633(a).
  - d. Please explain how the price adjustments for Parcel Select are consistent with 3633(a) and Docket No. MC2011-22, Order No. 689.

**RESPONSE:**

(a-c). Please see the attached Excel files (filed under seal). A table listing all of the files and a flowchart that demonstrates the interrelationships of the enclosed workbooks are also attached therein.

The revenue and volume forecast in support of the competitive rate increase is based on an update of the econometric demand analysis filed with the Commission on January 20, 2011, which complied with Commission Rule 3050.26.

The Before Rates forecast (FY2011Q3V33BRFFM.xls) shows volume results assuming no price increase. The After Rates forecast (FY2011Q3V33ARJanFFM.xls) assumes price increases are implemented on January 22, 2012. The After Rates-Comp forecast (FY2011Q3V14ARCompFFM.xls) assumes the competitive price changes are implemented on October 3, 2011, and is provided solely to demonstrate the effect of the

rate changes for a full year. The After Rates-All forecast (FY2011Q3V33AROctFFM.xls) assumes all rate changes were implemented on October 3, 2011 and is provided solely to demonstrate the effect of the price changes for a full year.

The Postal Service also used the Cost Factor Development and Product Cost & Contribution Estimation (PCCE) models to provide estimates of FY 2012 operating results. These estimates include the summary contribution, unit cost by class of mail, unit cost by function, and cost reduction summaries.

Estimating the Postal Service's costs in the year 2012 is accomplished by:

1. Identifying and quantifying costs in the FY 2010 Annual Compliance Determination (ACD) base year;
2. Projecting or "rolling forward" costs for the FY 2011 interim year and FY 2012 at current rates; and
3. Adjusting FY 2012 year cost estimates for the volume effects of the proposed rate changes in that year.

The results of this process produced "Current Price" contribution estimates for FY 2012 and "New Prices" contribution estimates for FY 2012.

All Competitive International products (including services) were calculated separately by the "International Product Cost and Contribution Estimation Model" because the PCCE models do not accommodate international products at that level at this time. As noted in POIR No. 1, Question 4, in Docket No. R2010-4, the International Product Cost and Contribution Estimation Model disaggregated the International cost, revenue and volume results to individual products.

The cost coverages for Competitive Post Office Box service were developed using methodologies already submitted to and approved by the PRC. Revenues were calculated by prorating the FY 2012 forecast of total Post Office boxes in the same manner as the CAPCALC-SpecServ-R2012-3 Revised.xls file ("PO Boxes" tab) in Docket No. R2012-3. The calculation of attributable costs for FY 2012 competitive is based on the same method used in Docket No. ACR2010, USPS-FY10-NP26, in Competitive P. O. Box Attributable Costs 2010.xls. The FY 2012 forecast for Post Office Box service costs from our PCCE models have been prorated based on the "Comp & MD PO Box Cost" tab.

- d. The Postal Service assumes the intended reference was Docket No. MC2010-36. In that Docket, Order No. 689 stated:

The Commission will authorize the transfer subject to the following conditions: (1) the Postal Service files a notice of competitive price adjustment for Parcel Select rates, including Lightweight Parcel Select parcels, that demonstrates such rates satisfy 39 U.S.C. 3633(a) and 39 CFR part 3015; (2) the Commission issues an order finding that the Parcel Select rates in (1) above satisfy 39 U.S.C. 3633 (a) and 39 CFR part 3015; and (3) the Standard Mail Parcels transfer authorized by this Order is not effective until the effective date of prices authorized in (b) above.

The Postal Service has filed a notice of a competitive price adjustment for Parcel Select rates that demonstrates in the financial forecast that the proposed price increases ensure that Parcel Select as a whole covers its costs, which meets the Commission's requirements.

2. Please refer to Governors' Decision No. 11-8. The Postal Service provides overall price increases for the following products: Express Mail 3.3 percent, Priority Mail 3.1 percent, Parcel Select 8.5 percent, Parcel Return Service 4.6 percent, First-Class Package Services 3.7 percent, Premium Forwarding Service 3.4 percent, Address Enhancement Service 7.3 percent, Global Express Guaranteed 6.0 percent, Express Mail International 11.6 percent, Priority Mail International 8.7 percent, International Priority Airmail 1.0 percent, International Surface Airlift 13.7 percent, Airmail M-Bags 3.5 percent, International Ancillary Services 5.0 percent, and international money orders 4.7 percent. Please describe the weights used to derive the Before Rates and After Rates indices relied upon to calculate the overall (average) percentage price increase for each product and service referenced above similar to the supplemental data filed in Docket No. CP2011-26. *Id.* Please show all calculations in Excel, and explain any adjustments made due to classification changes.

**RESPONSE:**

Please see the attached Excel files. The following contains the narrative discussion for each product:

**Express Mail**

The attached Excel file, "EM CP2012-2 Order Number 997.xls," shows the overall average price increase calculations of 3.4 percent for Express Mail in cell I11 in the worksheet <*Control for Express Mail*> for 2012. This is a slight correction from what was provided initially (3.3 percent). The percentages are derived by calculating the percent change between "After Rates" revenue (at 2012 prices) for three categories of Express Mail and "Before Rates" revenue (at current prices) for the three categories of Express Mail, using FY 2010 Express Mail billing determinants for a "fixed weight" calculation methodology. The FY 2010 billing determinants are provided in worksheet, "<2010 Billing Determinants>." The "After Rates" revenue calculations are provided in the following worksheets: "<After Rates EM Retail, After Rates EM Commercial Base, and After Rates EM Commercial Plus>." The "Before Rates" revenue calculations are

provided in the following worksheets: “<Before Rates EM Retail, Before Rates EM Commercial Base, and Before Rates EM Commercial Plus>.”

Express Mail Flat Rate Box will be offered as a new product offering for Express Mail in January 2012. As a result, there are no current corresponding volume data in the FY 2010 billing determinants. Finally, the 2012 proposed prices for Express Mail Retail, Express Mail Commercial Base, and Express Mail Commercial Plus are given in the worksheets, “<After Rates EM Retail, After Rates EM Commercial Base, and After Rates EM Commercial Plus>.”

### **Priority Mail**

The overall average price increase calculation for Priority Mail, 3.1 percent, is demonstrated in Excel file DocketCP2012-26CIR#2-PM.xls. The final calculation is found in cell D6 on the “Total” tab. This is a weighted average, by revenue, of three price components: Retail, Commercial Base and Commercial Plus. The revenue is based on FY10 volume at current prices. These weights are applied to separate average-price-increase calculations for Retail (cell Z91 on the “Retail” tab), Commercial Base (cell AA91 on the “Comm Base” tab) and Commercial Plus (cell AA93 on the “Comm Plus” tab). Those calculations, in turn, are weighted averages, by baseline (Before Rates) revenue, of the percent price change in each rate cell. (This is a “fixed-weight” calculation methodology.) Baseline revenue, in turn, is equal to the sum of all baseline prices multiplied by billing determinants volume. FY 2011 billing determinants were not yet available; therefore, FY 2010 billing determinants were used.

**Parcel Select**

The attached Excel files, “PSDEJan2012PRC7.1.xls”, “PSNonDEJan2012PRC0.9” and “PSLWJan2012PRC8.9 show the overall average price increase calculations for Destination Entry, Non Destination Entry and Lightweight Parcel Select, respectively. For Destination Entry, the total price change is shown in the worksheet “<Price Change Summary>” in cell D15; for Non Destination Entry, the price change is shown in the worksheet “<Summary>” in cell G8 and the corresponding number for Lightweight Parcel Select is shown in cell J7 in the worksheet also named “<Summary>” (but located in the “PSLWJan2012PRC8.9” Excel File). The overall Parcel Select price change of 8.5 percent is shown in the “PSLWJan2012PRC8.9” Excel file in the “<Summary>” worksheet in cell J11. This has been derived by calculating the percent change between “After Rates” revenue (at 2012 prices) and “Before Rates” revenue (at current prices), utilizing FY 2010 Parcel Select billing determinants for a “fixed weight” calculation methodology. The FY 2010 billing determinant volumes are also provided in the corresponding Excel Files.

Parcel Select – Regional Ground did not exist as a category in 2010. As a result, there are no volume data in the FY 2010 billing determinants. Proposed prices are the only data provided and can be found in the Excel File “PSNonDEJan2012PRC0.9” in the worksheet, “<Regional Ground>”. Also for Parcel Select – Regional Ground, service for Zones 4 through 8 has been eliminated for 2012 and no prices have been developed for these Zones.

Parcel Select – Lightweight has been included in this analysis as a result of a proposed move from Market Dominant (Standard Mail Parcels – Machinable and

Irregular) to Competitive in 2012. In addition to the move from Market Dominant to Competitive, the pricing structure has been changed from piece/pound to ounce based weight cell increments. In order to accommodate this change, current prices and 2010 billing determinant volumes have been retroactively adjusted (maintaining constant 2010 volumes and calculated revenues) to reflect the revised pricing structure.

### **Parcel Return Service**

The attached Excel file, “PRS CP2012-2 Order Number 997.xls,” shows the overall average price increase calculations (worksheet <PRS 2012>) for Parcel Return Service in cell K171 for RDU (8.9%), cell M171 for RNDC (0.0%), and cell M172 (4.6%) for total Parcel Return Service. These calculations are also summarized in the worksheet, “<PRS Summary>” (cell I15 for RDU, cell I19 for RNDC, and cell I23 for total Parcel Return Service). The percentages are derived by calculating the percent change between “After Rates” revenue (at 2012 prices) and “Before Rates” revenue (at current prices), using FY 2010 Parcel Return Service billing determinants for a “fixed weight” calculation methodology. The FY 2010 billing determinants are provided in worksheet, “<PRS 2012>.” The “After Rates” and “Before Rates” revenue calculation references are cited in both worksheets.

RSCF will be offered as a new price category for Parcel Return Service. As a result, there are no current corresponding volume data in the FY 2010 billing determinants. Proposed prices are the only data provided in worksheet, “<PRS 2012>” (cells H11-H83).

### **First-Class Package Service**

SUPPLEMENTAL INFORMATION PROVIDED  
BY THE UNITED STATES POSTAL SERVICE  
IN RESPONSE TO COMMISSION ORDER NO. 997

The attached Excel file, “FCPSJan2012PRC3.7.xls,” shows the overall average price increase calculation (worksheet “<2010 BDs>”) for First Class Package Services in cell M75. This is derived by calculating the percent change between “After Rates” revenue (at 2012 prices) and “Before Rates” revenue (at current prices), utilizing FY 2010 First Class Package Services billing determinants for a “fixed weight” calculation methodology. The FY 2010 billing determinants are provided in the same worksheet. Current and Proposed 2012 prices are provided in worksheet “<Price Change Summary>”.

First Class Mail – Commercial Plus Parcels did not exist as a category in 2010. As a result, there are no current corresponding volume data in the FY 2010 billing determinants. Proposed prices are the only data provided in worksheet, “<Price Change Summary>”.

**Premium Forwarding Service; Address Enhancement Service**

The attached Excel file, “SS CP2012-2 Order Number 997.xls,” shows the overall average price increase calculations for Address Enhancement Services (AES) and Premium Forwarding Service (PFS) in the “Price Change Calculations” worksheet. The overall increase in both cases is slightly lower than what was submitted originally (7.2 percent vs. 7.3 percent for AES; 3.0 percent vs. 3.4 percent for PFS). The original figures were not volume weighted.

**Global Express Guaranteed**

The attached Excel file, CP2012-2-GXG.xls, shows the 6.0 percent weighted average price increase calculation for Global Express Guaranteed (GXG) in cell J79 of the “GXG PRICE INCREASE” tab. This percentage is derived by calculating the percent change between After Rates total revenue and Before Rates total revenue using the FY 2010 GXG billing determinants.

**Express Mail International**

The attached Excel file, CP2012-2-EMI.xls, shows the 11.6 percent weighted average price increase calculation for Express Mail International (EMI) in cell L79 of the “EMI PRICE INCREASE” tab. This percentage is derived by calculating the percent change between After Rates total revenue and Before Rates total revenue using the FY 2010 EMI billing determinants.

**Priority Mail International**

The attached Excel file, CP2012-2-PMI.xls, shows the 8.7 percent weighted average price increase calculation for Priority Mail International (PMI) in cell L82 of the “PMI PRICE INCREASE” tab. This percentage is derived by calculating the percent change between After Rates total revenue and Before Rates total revenue using the FY 2010 PMI billing determinants.

**International Priority Airmail; International Surface Airlift**

The attached file ISAL-IPA Rate Increase Analysis\_2011.12.05.xls demonstrates the overall average increase of 6.9 percent in Excel cell E24 of the “Summary” tab. This

**SUPPLEMENTAL INFORMATION PROVIDED  
BY THE UNITED STATES POSTAL SERVICE  
IN RESPONSE TO COMMISSION ORDER NO. 997**

is a weighted average of the change in revenue of all IPA and ISAL products offered, as detailed on the same tab.

These changes were calculated by comparing Gross 2011 Revenue with Gross 2012 Revenue. Total Projected 2011 Volume, based on 12 months of PostalOne data from June 2010- May 2011 and shown in tab “Inputs”, was applied against 2011 Published Rates and against 2012 Proposed Published Rates to provide an accurate basis of comparison.

The attached file ISAL-IPA Rate Increase Analysis\_2011.12.05.xls shows that all else remaining equal, the proposed 2012 Published Rates represent an increase of 13.7 percent for ISAL products and 1.0 percent for IPA products. This amounts to a 6.9 percent increase in Total Revenue and Cost Coverage for all ISAL and IPA Products.

### **Airmail M-Bags**

The attached Excel file, CP2012-2-MBAG.xls, shows the 3.4 percent weighted average price increase calculation for Airmail M-Bags in cell N14 of the “AIRMAIL M-BAGS PRICE INCREASE” tab. This percentage is derived by calculating the percent change between After Rates total revenue and Before Rates total revenue using the FY 2010 Airmail M-Bag total weight from the FY 2010 International Cost and Revenue Analysis Report (ICRA).

The 3.5 percent increase reported in Governors’ Decision No. 11-8 used the FY 2010 Airmail M-Bag volume by rate group from the FY 2010 ICRA Report. Since Airmail M-Bag pricing is based solely on weight, the percent increase should have

SUPPLEMENTAL INFORMATION PROVIDED  
BY THE UNITED STATES POSTAL SERVICE  
IN RESPONSE TO COMMISSION ORDER NO. 997

incorporated the Airmail M-Bag total weights by rate group instead of the total volumes by rate group that were originally used to derive the 3.5 percent figure.

**International Ancillary Services; International Money Orders**

The attached Excel file, CP2012-2-INTL SPECIAL SVCS, shows the 5.0 percent weighted average price increase calculation for the International Special Services in cell H22 of the “INTL SPECIAL SVCS” tab. This percentage is comprised of the 5.0 percent increase for the International Ancillary Services and the 4.7 percent increase for International Money Orders. The “PMI INSURANCE” tab provides a detailed summary of the 5.3 percent increase for Priority Mail International Insurance. This percentage is derived by calculating the percent change between After Rates total revenue and Before Rates total revenue using the FY 2010 PMI insurance transaction volumes at each indemnity level.

3. Please provide the specific prices assigned to the competitive Semi-Annual Fees for each Box Size and Fee Group. (Attachment at 141.)

**RESPONSE:**

The Postal Service does not wish to provide early notice (to its competitors) of the exact competitive prices that will be implemented on January 22. Instead, the Postal Service plans to follow the practice established in Docket No. CP2011-26. In that docket, the Postal Service filed a price range for competitive Post Office box service, without specific prices, and then, a few weeks before implementation, announced the specific prices in both a Postal Bulletin notice and a letter to the Commission.

Nonetheless, the Postal Service is willing to provide the specific prices at this time, but under seal. For fee group C1, the Postal Service plans to charge one of the following prices, depending on the conditions at each of the specific locations assigned to the fee group, and the box size.

<b>Box Size</b>

For fee groups C2 through C7, the Postal Service plans to charge one of the following prices for each box size, depending on conditions at each specific location assigned to the fee group.

4. The following refers to Note 3 at 142. Please clarify what is meant regarding the portion of the fee that “may serve as postage on packages delivered to competitive Post Office box service customers after being brought to the Post Office by a private carrier.”

**RESPONSE:**

Some competitive Postal Service locations will receive packages from private carriers (if addressed to the street address of the Post Office location, along with the customer's box number), and then deliver the packages to the customer's Post Office box. Payment for this delivery will come out of the Post Office box fees at that office, reflecting a “recipient pays” model for postage payment.

Postal Service delivery of private carrier packages to Post Office boxes will provide a service frequently requested by Postal Service customers, and will also benefit private carriers, as well as merchants whose customers use a Post Office box. Some eCommerce merchants will not ship to a PO Box address. This enhancement will allow PO Box customers to receive shipments from all carriers. Our competitors emphasize that they accept shipments from all private carriers when they promote their mailbox services. This is clearly an option sought by customers of private mailbox providers.

## ATTACHMENT 1

### **APPLICATION OF THE UNITED STATES POSTAL SERVICE FOR NON-PUBLIC TREATMENT OF MATERIALS**

In accordance with 39 C.F.R. § 3007.21, the United States Postal Service (Postal Service) hereby applies for non-public treatment of certain materials filed under seal with the Commission. The materials consist of spreadsheets that contain calculations to determine the weighted average price increase for each competitive product within the scope of Docket No. CP2012-2, and the Post Office Box service prices provided in response to question 3 from Order No. 997. The Postal Service is concurrently filing a redacted version of the documents responsive to the Commission's request for supplemental information.

**(1) The rationale for claiming that the materials are non-public, including the specific statutory basis for the claim, and a statement justifying application of the provision(s);**

The materials designated as non-public consist of information of a commercial nature that under good business practice would not be publicly disclosed. In the Postal Service's view, this information would be exempt from mandatory disclosure pursuant to 39 U.S.C. § 410(c)(2) and 5 U.S.C. § 552(b)(3) and (4).<sup>1</sup> Because the portions of the materials that the Postal Service is applying to file only under seal fall within the scope of information not required to be publicly disclosed, the Postal Service asks the

---

<sup>1</sup> In appropriate circumstances, the Commission may determine the appropriate level of confidentiality to be afforded to such information after weighing the nature and extent of the likely commercial injury to the Postal Service against the public interest in maintaining the financial transparency of a government establishment competing in commercial markets. 39 U.S.C. § 504(g)(3)(A). The Commission has indicated that "likely commercial injury" should be construed broadly to encompass other types of injury, such as harms to privacy, deliberative process, or law enforcement interests. PRC Order No. 194, Second Notice of Proposed Rulemaking to Establish a Procedure for According Appropriate Confidentiality, Docket No. RM2008-1, Mar. 20, 2009, at 11.

Commission to support its determination that these materials are exempt from public disclosure and grant its application for their non-public treatment.

**(2) Identification, including name, phone number, and email address for any third-party who is known to have a proprietary interest in the materials, or if such an identification is sensitive, contact information for a Postal Service employee who shall provide notice to that third party;**

The Postal Service believes that no third parties have a proprietary interest in the redacted materials.

**(3) A description of the materials claimed to be non-public in a manner that, without revealing the materials at issue, would allow a person to thoroughly evaluate the basis for the claim that they are non-public;**

In connection with this application, the Postal Service has filed information concerning the calculations used to develop the weighted average price increase by product. Protected information in the spreadsheets includes volume and revenue by price cell (weight increment and zone or country group). Such information for competitive product categories is commercially sensitive at the disaggregated, cell-specific level shown in the spreadsheets. The Postal Service is also claiming protection for the specific Post Office Box service prices that fall within the publicly-specified price ranges included in Governors' Decision No. 11-8.

**(4) Particular identification of the nature and extent of commercial harm alleged and the likelihood of such harm;**

If the information that the Postal Service determined to be protected from disclosure due to its commercially sensitive nature were to be disclosed publicly, the Postal Service considers it quite likely that it would suffer commercial harm. This information is commercially sensitive, and the Postal Service does not believe that it would be disclosed under good business practices. Competitors could use the

disaggregated revenue and volume information to analyze the Postal Service's possible market strengths and weaknesses and to focus sales and marketing efforts on those rate cells where the Postal Service has considerable traffic, to the detriment of the Postal Service. Early access to Post Office Box service prices by competitors would allow competitive responses intended to attract actual or potential Postal Service customers, leading to loss of contribution.

**(5) At least one specific hypothetical, illustrative example of each alleged harm;**

Harm: Competitors could use disaggregated product volume and revenue distribution information, and Post Office Box service prices, to assess vulnerabilities and focus sales and marketing efforts to the Postal Service's detriment.

Hypothetical: Disaggregated revenue and volume information is released to the public. Another delivery service's employee monitors the filing of this information and passes the information along to its sales and marketing functions. The competitor assesses the lucrativeness of certain services by weight increment and zone or country group, or the Postal Service's relative concentration in certain service offerings. The competitor then targets its advertising and sales efforts at actual or potential customers in market segments where the Postal Service appears to have made headway, hindering the Postal Service's ability to reach out effectively to these customers.

Second Hypothetical: Post Office Box service prices are released to the public now. A private mailbox service provider sees that Postal Service prices will be moving up to only 20 percent less than the private provider's prices. The private mailbox provider temporarily lowers its prices to attract Postal Service customers away. Early access to the prices gives time to advertise fully to Postal Service customers of the more attractive prices.

**(6) The extent of protection from public disclosure deemed to be necessary;**

The Postal Service maintains that the portions of the materials filed non-publicly and relating to competitive products should be withheld from persons involved in competitive decision-making in the relevant markets for competitive delivery products (including private sector integrators, foreign postal administrations, and private mailbox providers), as well as their consultants and attorneys. Additionally, the Postal Service believes that actual or potential customers of the Postal Service for these or similar products should not be provided access to the non-public materials.

**(7) The length of time deemed necessary for the non-public materials to be protected from public disclosure with justification thereof; and**

The Commission's regulations provide that non-public materials shall lose non-public status ten years after the date of filing with the Commission, unless the Commission or its authorized representative enters an order extending the duration of that status. 39 C.F.R. § 3007.30. The Post Office Box service pricing information will be made available to the general public in early to mid-January.

**(8) Any other factors or reasons relevant to support the application.**

None.

***Conclusion***

For the reasons discussed, the Postal Service asks that the Commission grant its application for non-public treatment of the identified materials.
